

**Roads/Wastewater Committee**  
**City of Lake Shore**  
**Minutes**  
**March 19, 2024**  
**5:00 PM**

**Committee Members in attendance:** Chair, Justin Stahnke, Jim Woll, Jim Halverson, Terry Hanson, Committee Alternate Troy Magnuson, Council Liaison Wayne Anderson, Widseth Engineering Representatives Dave Reese and Emma Clarke.

The group gathered at city hall at 5:00 PM.

Dave Reese provided committee members with a map showing City of Lake Shore 2023 street conditions and a copy of the 2023 City of Lake Shore Capital Improvement Plan. Dave also shared copies of emails provided by Teri Hastings. They summarized information, with photos, of citizen concerns as they related to roads in the City of Lake Shore. Committee members spent some time reviewing the information provided.

There was a brief discussion regarding the status of the Fritz Loven Bridge project and the fact that the bridge variance application will be considered by DOT later in the week.

The committee divided into two groups. The groups then drove the city streets with an emphasis on assessing their condition for possible inclusion in future capital improvement plans or the need for near term repairs.
